

ANSI News Archive – Electric Vehicles

- **Sino-U.S. Workshop Emphasizes Cooperation on Electric Vehicle Standardization** 6/22/2015
- **ANSI Electric Vehicles Standards Panel Issues Progress Report**
12/2/2014
- **ANSI Electric Vehicles Standards Panel to Continue Work in 2014**
New York January 13, 2014
- **Event Marks the Opening of New Electric Vehicle and Smart Grid Interoperability Center**
New York July 26, 2013
- **Updated Standardization Roadmap for U.S. Electric Vehicle Deployment Released**
ANSI Electric Vehicles Standards Panel Publishes New Recommendations for EVs and Charging Infrastructure
New York May 14, 2013
- **USNC News and Notes, Spring 2013, Vol. 8, No. 1.** Includes an article on ANSI's EV activities.
New York April 17, 2013
- **U.S. Stakeholders Encouraged to Participate in 2013 Fully Networked Car Workshop**
New York February 11, 2013
- **ANSI Electric Vehicles Work to Be Featured at First-Ever International eMobility Standards Symposium**
New York February 4, 2013
- **Second Annual German-U.S. Standardization Roundtable Held in Berlin**
New York December 12, 2012
- **American and European Standards Organizations Agree to Strengthen Transatlantic Cooperation on Standards for Electric Vehicles**
New York December 6, 2012
- **Fully Networked Car Workshop Scheduled for March 2013**
New York November 12, 2012
- **Department of Energy Seeks Comment on Electric Vehicle Challenge**
New York October 2, 2012
- **Sino-U.S. Workshop on New Energy Standardization Held in Beijing**
International Experts Exchange Insights on Electric Vehicles
New York July 30, 2012
- **U.S.-China Exchange on Electric Vehicle Standardization Planned for July 23 in Beijing**
New York June 18, 2012
- **Standardization Roadmap for U.S. Electric Vehicle Deployment Released**
ANSI Electric Vehicles Standards Panel Facilitates the Safe, Mass Rollout of EVs and Charging Infrastructure to Help Enable EV Penetration of the Consumer Market
New York April 23, 2012
- **NIST Releases Updated Smart Grid Framework for the Nation**
New York March 8, 2012
- **Fully Networked Car Workshop to Drive "Car of the Future" in March**
New York November 10, 2011
- **NIST Seeks Public Comment on Updated Smart Grid Framework**
NIST has released an updated roadmap for Smart Grid interoperability intended to modernize the nation's electric power system.
New York November 3, 2011
- **A Focus on U.S.-EU Trade at ANSI-ESO Joint Presidents Group Meeting**
Washington, DC October 24, 2011

- **Participants Call for Increased Transatlantic Partnerships at Landmark ANSI-ESO Conference**
Washington, DC October 24, 2011
- **ANSI Electric Vehicles Standards Panel to Meet November 17-18 in Arlington, VA**
All Interested Parties Invited to Participate in Development of U.S. Standardization Roadmap
New York October 10, 2011
- **WSW 2011 to Feature Special U.S.-European Meetings on Transatlantic Partnerships**
New York September 14, 2011
- **ANSI Releases Report on Standards Needed to Support Electric Vehicles in the United States**
New York August 17, 2011
- **NYC Joins National Push for Widespread Electric Vehicle Deployment**
ANSI EVSP Lays Groundwork for Standardization Roadmap for the United States
New York July 14, 2011
- **ANSI Electric Vehicles Standards Panel Begins Work on Roadmap to Support Electric Vehicle Deployment in United States**
Jim Matthews of Corning and Jim Pauley of Schneider Electric Lead Panel as Co-chairs
New York June 27, 2011
- **Electric Vehicles Standards Panel to Host First Plenary June 20-21 in Detroit**
All Interested Parties Encouraged to Help Drive Safe Implementation of Electric Vehicles in the U.S.
New York June 16, 2011
- **Electric Vehicles Standards Panel to Host First Plenary June 20-21 in Detroit**
All Interested Parties Encouraged to Help Drive Safe Implementation of Electric Vehicles in the U.S.
New York June 6, 2011
- **ANSI Electric Vehicles Standards Panel Seeks Participants to Develop Standardization Roadmap for Safe, Mass Deployment of Electric Vehicles in the United States**
New York May 2, 2011
- **Standardization Roadmap for Electric Drive Vehicles Called for at ANSI Workshop**
New York April 8, 2011
- **U.S. Executive Director of TABD to Speak at ANSI Electric Vehicles Workshop**
Online Registration Open; Pre-Meeting Materials Available for Attendees
New York March 23, 2011
- **ANSI to Facilitate Development of Standardization Roadmap for Safe, Mass Deployment of Electric Vehicles in the United States**
New York March 9, 2011
- **ANSI Electric Vehicles Workshop to Feature Report on European Electro-Mobility**
ISO and IEC Enter into Memorandum of Understanding on Automotive Electrotechnics
New York February 23, 2011
- **ANSI Welcomes NFPA as Diamond Sponsor for Electric Vehicles Workshop**
New York February 1, 2011
- **U.S. National Electric Vehicle Safety Standards Summit Report Released**
ANSI April Workshop to Drive Widespread Implementation of Electric Vehicles
New York January 5, 2011
- **SAVE THE DATE: ANSI Workshop on Standards and Codes for Electric Drive Vehicles to Be Held April 5-6, 2011**
New York December 9, 2010

- **Fully Networked Car Workshop in Geneva to Focus on Driver Distraction**
New York December 1, 2010
- **World Electrotechnical Experts to Discuss Energy Generation, Distribution, and Conservation at Open Session of IEC 2010 General Meeting**
Microsoft's Dan Reed To Provide Keynote Address
New York October 12, 2010
- **ANSI to Undertake Standards Needs Assessment for Electric Drive Vehicles**
New York October 6, 2010
- **ANSI Members NFPA and SAE to Co-host Summit on Electric Vehicle Safety Standards**
New York April 15, 2010
- **ANSI and ESO Leaders Meet in Madrid to Address High-Priority Issues for U.S. and EU Standards Systems**
Recently released EXPRESS Report on the European standardization system tops the agenda
New York March 1, 2010
- **ANSI and NAM to Host Event for Congressional Staff on Next Generation Batteries**
UL and SAE International join as co-sponsors
New York February 22, 2010
- **ISO, IEC, and ITU Announce 2010 Fully Networked Car Workshop**
Abstracts now accepted for workshop presentations
New York November 18, 2009
- **NIST Seeks Comments on Smart Grid Interoperability Standards Roadmap**
New York July 3, 2009
- **Fully Networked Car Show Highlights Role of Standards in ICT for Motor Vehicles**
New York April 15, 2009
